

About eYachtCharter

Contributed by admin

eYachtCharter.com is a comprehensive directory of luxury sail and motor yachts for charter to exotic destinations worldwide. EYC is the most discerning directory on the Internet today because it abides by an exponentially higher standard of luxury and excellence. As a means to enforce these standards, eYachtCharter.com has created the Certified Yacht Charter Program.

The Certified Yacht Charter Program recognizes quality yachts that list in its worldwide directory. Each vessel with the EYC official Luxury Yacht Charter Certification has been inspected and/or thoroughly researched by our yacht charter team. The luxury yacht charters found in the EYC directory are represented by highly reputable firms and are of premium quality. Each Luxury Certified Yacht and its crew is fully licensed and insured specifically for charter.

In addition to the certification program, EYC is an industry leader in marketing and promotion services. EYC is the premier resource provider of luxury travel destinations and yachting news from around the world. This firm prides itself as a dynamic, next generation company established to revolutionize the yacht charter industry with first class service and the utmost professionalism.

Founded by South Florida natives, eYachtCharter.com was established by experts in both the Internet Marketing and Yachting industries with global travelers and "Yachties" in mind. The concept of introducing the world's elite to top-notch vessels and crews through a streamlined directory without compromising a shred of client satisfaction or discretion has been long anticipated.
